WHAT YOU GET

Clear calls, a real plan, your taxes sorted.

One subscription covers all of it. Tulion never places trades and never holds your investments: you stay with your own broker, bank and fund platform.

Stocks

- **A plain call** on every NSE stock: buy, buy on dip, hold, wait or avoid
- **Levels:** buy range, stop loss, two targets and how long to hold
- **A scorecard** from A to E: trend, strength, base, business, money flow, safety
- **Morning list** at 08:50, ranked from the whole market
- **Live alerts** every 5 minutes in market hours, on Telegram and email
- **Your own price alerts** and company news on your stocks

Family money & goals

- **A plan** from your family, income, spending, loans and goals
- **The odds** of reaching each goal, over 600 simulated markets
- **A crash test:** your plan through a 2008- or 2020-style year
- **Import** your CAMS or KFintech statement in one step
- **A monthly review** with a health score and the actions worth most
- **An AI advisor** that speaks 11 Indian languages, by voice too

Taxes

- **Old or new regime:** which one is cheaper for you, and by how much
- **Capital gains** for each family member, this financial year
- **Harvesting:** use your tax-free gains and set off losses
- **Living abroad?** take-home pay in 18 countries
- **One click to FlipAccounts** to file your return, signed in, free

For businesses what is available today

The verdict API
For desks and platforms: a sector-relative LONG or SHORT verdict per name, with a conviction it has earned on graded calls. Early access on request.

Company books on FlipAccounts
The same one-click hand-off opens a business account on FlipAccounts for books, GST and TDS. Free.

Business income in the planner
Business profit, professional fees, rent and farm income, and whether each keeps coming if someone dies.

Free tax filing via FlipAccounts

A separate, free accounting and tax platform from the people behind Tulion. One click, no new password. Tulion shares only your name, email, mobile, country and currency, never your portfolio.

FIRST 30 DAYS FREE

Tulion weighs evidence; it does not place trades or hold your money. Calls are rules-based and the same for everyone. Past results are not a promise of future returns. For research and information, not investment advice. Screens show a fictional family's data.
